Hello!
I'm Evgeniya Chernyavskaya.
I'm 40. At the moment I live in Bendery, Moldova.
I love traveling and try not to miss the opportunity to see something new.
I want to become a programmer and start my journey as a front-end developer.

Short history about me

"When you think it's too late, the truth is, it's still early"
"Whether you think you can or think you can't, you're right"

I have worked in the power industry all my life. I climbed the career ladder from engineer to chief engineer, but at the age of 40 I decided to change my life and start everything from scratch. I want to change the field of work and become an IT developer. I think my previous work experience will help me achieve my goal in a short time. Assembled, balanced, competently organize the workflow. I have experience in personnel management. I know how to focus on the task at hand to achieve the result. I have a high capacity for work and an analytical mindset.
